

FURNITURE FOR LIFE

RECLAIMED, OAK, ASH, COPPER, ZINC, DEKTON & STEEL

MAC[®]
+WOOD

CHOOSE BOLDLY. DESIGN UNIQUELY. LIVE MAC+WOOD.

“Our handmade, distinctly designed furniture
is beautifully made and unique to everyone”

Bridging the divide between simplicity and innovation, Mac+Wood furniture perfectly embodies the bold, modernist design values we hold dear. Our beautiful collection is made up of striking pieces crafted with strong edges, smooth surfaces and unmistakeable character.

Built to last and designed to comfortably seat the entire family, a Mac+Wood table is built from the ground up to be an effortlessly distinctive centerpiece in the home as well as a place to share with those you care about.

With bespoke sizing configurations, available in a variety of materials and finishes that are brimming with warmth and individuality, Mac+Wood has furniture as unique as the new space you've created for it.

CROSS TABLE

Reclaimed wood (grey finish) and graphite black powder coated steel frame
Seat from 4 to 14+ guests with our totally customisable sizes
ranging from 180cm to 320cm long x 90cm to 140cm wide

“Mac+Wood furniture designs are as bold as they are contemporary, warming your home with a mix of materials that truly create a statement worthy of the space you have created for them”

SWEEP DESIGN

Tables from £2,450

An evolution of our Signature design, the Mac+Wood “Sweep” has all the features of a modern dining table made for a style conscious owner looking to make an impression with a bold centrepiece.

A modern dining table with a twist, the “Sweep” design has angled legs pointing out to give a more off-kilter, but no less elegant look than it's predecessor, the “Signature” Table. The angles produce a slightly more laidback impression, perfect for a home or restaurant/ bar and available in sizes to match both.

- Durable and elegant, Reclaimed Wood, Ash, Oak, Copper, Zinc or Dekton surfaces available
- Modern dining table look, with a striking, angled frame
- Sizes from 1.8m to 3.4m for up to 14 guests
- Bespoke options available on request.

ZINC TABLES

Tables from £2,350

If you're looking for strikingly elegant design coupled with a gorgeous metal finish then look no further, our zinc tables are the modern cousins of the Mac+Wood Zinc Tables range.

Sleek and lustrous by nature, zinc naturally catches the light in the room and subtly shifts its hue to match it.

Our zinc tables are available and made to order in any of the Mac+Wood designs.

- Our zinc tables are available in 2 finishes, natural zinc or light patina
- Brushed stainless or powder coated steel frame
- Effortless maintenance, bespoke sizing options.

FAMILY DESIGN

Tables from £2,450

“ For a sturdier look that loses none of its elegance, our Family design is built to fit all, with seating options for 4-14 people ”

A beautiful, hard-wearing centrepiece that'll provide a cherished family gathering place for years to come. The Mac+Wood Family Table combines practicality with striking design. The legs have been subtly sculpted and fitted to align with the tabletop to give the piece the appearance of having been carved from a solid block.

- Bespoke sizing and material options to suit
- Designed to be hard-wearing and durable for every family occasion
- Matching side and end benches to seat 2-8 guests.

CROSS TABLE

Tables from £2,450

“ The Cross frame table introduces a beautiful X frame design that makes the legs its defining feature and a must-have centrepiece ”

Hand-crafted at the highest level of quality, this sleek design is a stunning addition to the Mac+Wood selection of table designs, bringing with it a departure from the conventional and an entirely new look to match your reclaimed wood, copper, zinc or Dekton table top

Ideal for maximising the number of guests around the table as this design allows chairs to ‘straddle’ over the frame legs if need be.

- Elegant X frame table leg design in brushed stainless steel or powder coated in any colour (as shown)
- Matching ‘Cross frame’ benches to accompany table
- Sizes from 1.8m to 3m for up to 14 guests.

COPPER TABLES

Tables from £3,450

With an enduringly warm glow, our beautiful copper finishes add a touch of retrospective chic to the space around them.

Platina tones in our metal tables mean that the character ages beautifully over time resulting in a weathered look you can wait for, or select as a finish straight away.

- Naturally imbued with bacteria fighting properties, copper and zinc provide an ideal material for a kitchen or dining table surface
- Over time Patina tones form in our copper and zinc tables resulting in an aged look you can wait for, or select as a finish straight away
- Tensile strength in the metals we source means that our metal tables can last for generations.

TRUNK DESIGN

Tables from £2,450

“ Distinctively unique the Mac+Wood Trunk table plays with a striking design suited to any modern home ”

Gorgeous, wide metal legs rise up like trunks to form an elegant geometric surface on the tabletop itself. A perfect expression of our pursuit of innovation in design and fit for any occasion, the Trunk Table is a guaranteed eye-catcher, conversation-starter and show-stopper.

- Extensive stainless steel frameworking contributes to an overall more modern design
- Frames available in Colour Powder Coated or Brushed Stainless Steel
- Matching side and end benches available.

All table tops are available in Reclaimed Wood, Oak, Ash, Zinc, Copper & Dekton with a number of finishes. Frames can be supplied powder coated in any colour or with a Brushed Stainless Steel finish (as shown).

INTRODUCING DEKTON

Tables from £3,725

Our Dekton table tops are available in 2cm or 5cm depths and up to 3200mm long x 1440mm wide

The newest addition to our range of materials comes in the form of something truly spectacular.

Dekton surfaces are hewn using Sinterized Particle Technology that effectively replicates the process of metamorphosis in stone that manifests itself over thousands of years of exposure to extreme heat and pressure. Yes, you did hear that right, we make our tables with materials that are created in the same way diamonds are. The perfect comparison, doing justice to their astounding quality.

The result takes the form of our new Dekton surface Tables, a collection of stunning high-end composite materials that vary in appearance from gleaming marbled finishes, to gloss and patina detailing brought to life in dazzling clarity.

More

Highly scratch-resistant

Dekton is the most scratch resistant surface on the market and a slip of a knife won't damage it.

Resistant to stains

Dekton is completely Stain Proof. Even the most stubborn stains like wine, coffee, markers and rust can easily be removed from the surface. It is chemical resistant so drips or splashes of common household chemicals like bleach, drain cleaners or oven degreasers won't harm it.

High resistance to fire and heat

Dekton withstands high temperatures without burning, scorching or cracking. Hot saucepans and casserole pots can be placed directly on the surface with no worry of damage.

Resistant to abrasion

Dekton is even more resistant to abrasion than granite, its finish will last for the life of the product and never needs to be re-surfaced or re-finished.

Resistant to high UV, ice and thawing

Dekton is highly resistant to ultra violet (UV) light and will not fade or degrade over time. It is also Thermal Shock proof from both extreme heat and extreme cold making it perfect for both indoor and outdoor applications.

High mechanical Resistance

With over 5 times the flexural strength of granite, Dekton can be installed in thinner material over greater spans allowing for up to a 12-inch unsupported overhang on our tables.

Non-porous

Dekton is non-porous and naturally prevents liquids and gasses from penetrating the surface, making it a low maintenance surface that is easier to clean.
